Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Friday 02 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Occasional sunny spells and showers.

Today:
A mostly cloudy start but with some sunny spells at times. A risk of a few showers at first in the north and more widely into the afternoon, with variable amounts of cloud. Feeling warm in any sunny spells. Maximum temperature 21 deg C (70 deg F).

Tonight:
Showers gradually easing through the evening with partly cloudy skies. Dry through the early night but with increasing cloud, bringing outbreaks of rain later into dawn. Minimum temperature 9 deg C (48 deg F).

Saturday:
A largely cloudy start with outbreaks of showery rain, locally heavy through the morning. A few sunny spells through the afternoon and evening with scattered showers, locally heavy and thundery. Maximum temperature 21 deg C (70 deg F).

Outlook for Sunday to Tuesday:
Sunny spells and locally heavy and thundery showers on Sunday. Bright with showers early Monday, before increasing cloud and heavy rain later. Blustery on Tuesday with showers and sunny spells.
